### Race #5

#### (3) RAMBO RED

This horse exits a very hard fought second last out against the ultra tough Golden Emperor. He is 6/7 "In the Money" at PID and was only beaten a length in that event. Mike LeCessee looks to have him ready to roll in this spot, Morales retains the mount and his speed figures make him my overwhelming pick this evening.

## SPOT PLAY

### Race # 6

#### (4) RED HOT LOOKS

Joe Cheeks drops this horse for \$8,000 after two starts in allowance company. He was extremely overmatched two starts ago against Worbother and Jaguar Poz and last out was only beaten 5 lengths. He is back with his own kind and should be very salty in here. Joe Cheeks is a 25% Trainer off of the 3<sup>rd</sup> start back from layoff. Hoping for at least 3/1 here.
