Race #4

(7) NICEANDEZ

This older War Horse has now made \$268k, and is still very competitive. He ran a great race last out against the very consistent Cee 'N O, who has now won 2 in a row. He gets Villa-Gomez back in the irons tonight and if he runs his race, he should get the victory and add to his bankroll. He is by a Sire who's progeny absolutely love this surface.

SPOT PLAY

Race # 2

(3) Beer Tap

A beaten favorite last time out, he looks to make amends tonight. The shorter distance should greatly help his chances, and he has been running against some very good company as of late. He should be running and gunning on the front end in this contest along with Hickory Island, but should be able to put him away, holding off the others and complete the task.
