Race #7

(1) CAPTAIN MAD JACK

Exits two very good races, one win (In an AOC), and one second. He enters back into state restricted company in this event, and looks the absolute best here. He is versatile in his running style and can do whatever is needed to match the track bias. He will be short odds, and he is a must single in your exotic wagers. The result here is a foregone conclusion.

SPOT PLAY

Race # 8

(3) BREZNO

Ran a very strong race last time out against a very tough Reeder, who is back in the 6th race this evening. We will be watching that race close tonight, and if Reeder wins that, then Brezno is an absolute lock for this race. Regardless he is without doubt the best here this evening in this contest. He is 38/50 "In the Money" at this track and 8/11 "In The Money" at the distance.
