Race #4

(1) THE FAZZ MAN

This horse is always a part of the action and looks to be the absolute best of this field today. He is 22/33 in the money, including 10 wins and 6/10 at the distance at PID. Trainer Radosevich changes to Morales today, and the last time that this horse won, he was the Pilot. He is the obvious choice here, so due to that he will be short odds. He is a must use as a single in your exotic plays.

Race # 3

(2) WAPITI WAY

Conditioner Darien Rodriguez claimed this horse two back, he ran a big second last time out, only beaten a length. He gets in here a little easier than the last out, and should stalk the pace of Absolam, with his good tactical speed. Rodriguez, is currently 69% in the money at the meet, and he employs the services of the meet's leading Jockey Gallardo.
