Race #7

GHOST HUNTER

This horse emulates class through and through. An \$853k winner in his long and illustrious career, he looks to add to his bankroll again tonight. He is 15/16 "In the Money" (Which includes 9 wins) at this track and 8/9 at the distance. He is on a two race win streak, and should make it 3 in a row tonight, upon returning to his favorite venue.

SPOT PLAY

Race # 1

(1) ROCHESTER

The preverbal "Horse for the Course", He has 4 starts at this level and three of those are wins. Throw out the race two back, as this horse does not sprint. He needed that last race going long and should be ultra tight today. He gets regular rider Chilly Willie back aboard, and Conditioner Ron Potts is 24% third race off the layoff.
