Race #7

(5) BUGLE BARRY

He drops back into claiming ranks out of the AOC \$50k. He has been running in some very strong company as of late, (Caloric, He iz Gone and Crosstown Shootout) and should do very well against this field. He should sit just off the pace, and pounce when needed. A must use in your exotics, and a single in Pick 3's, 4's etc...

SPOT PLAY

Race #5

(4) KID SLIPPER

Gerald Bennett looks to have this horse in very good form so far this year. Just got beat last out going 6 Furlongs after having the lead. He shortens up today, which should be to his liking, as he crushed his foes at that distance in his Maiden race. He will have to fend off Signs of Greatness, as he will be charging down the lane late.
