Race #4

SAPPHIRE SHILLING

Sapphire Shilling exits his last race trying to go short against a very tough group. He just can't sprint against those types. He gets back in here routing today against a much softer group, and that along with his back class, he looks to be the absolute best here. Ron Potts is 23% 3rd off of the layoff, and 20% in Allowance.

Race # 8

(7) EXPECTING CASH

This horse exits the open \$5k race last out only beaten by 4 ¼ lengths against a very good Balk and Bluegrass Ball. The race prior to that he won and beat two common foes in this race today. He gets Erin Walker back and has gotten in a little easier than last time. He should be at least 5-1 here, a must use in all your exotic plays.
