### Race #4

#### CHICK N WILBER

This horse is absolutely perfect "IN THE MONEY" at PID, including 3 wins from 4 starts. He ran a strong second against English Minister last time out only beaten 3 lengths. I think that he needed that run over this strip last time out, and he needed that extra distance after coming off of a sprint before that. Daniel Conway, Jr. is \*7% in the money here at PID.

## SPOT PLAY

### Race # 3

#### (2) DR. KOY

Joe Martin drops this horse in the \$18k claimer out of the Starter after a very nice win. He has won half of his starts here at PID (7) and looks ready to have another Kodak moment this evening. Mike Allen retains the mount in here for the connections. I would love 3-1 on this charger. He is a must use in your exotics, including the first sequence of the pick six which begins this race.
