Race #1

MOMENTS TO SAVER

Showed some solid closing ability last out in MSW company, and with the added distance that should bode well for her efforts. She now drops down to the \$25,000 Claiming level, where she looks to get the necessary class relief that she needs in order to be victorious in here. She retains the meets leading rider and comes out of the very good Teresa Connelly Barn.

Race # 3

(1A) THAT'S EXCITING

That's Exciting is riding a three race win streak. She has done everything right in those events and comes in here as the horse to beat. This will be no cakewalk though, as she must still run her best in order to be this quality group. Erin Walker gets the call, opting to jump off of Annisquam for this horse.
