### Race #6

#### (2)BLICHTON

This horse drops back down into the claiming ranks after being in Starter Company. He ran a very good race last out, only beaten 2 ¼ lengths by a very good Kitchen Fire. In his race 2 back he, ran into one of the best on the grounds, Stevis Man. He has been keeping good company and it looks as if John Bourke will get his picture taken here in this event.

## LONGSHOT PLAY

### Race # 8

#### (4) NICEANDEZ

This talented older horse has been a great producer here at PID. He has 16 wins over the strip and 10 of those at the distance. He just won 2 back, and if he can replicate that race, he looks to be the winner at a probable big price today. Ronnie Allen is back as the Pilot.
