Race #3

(4) BETTER YET

This filly drops down to the lowest tag that she has ever been in. She has the most back class and looks to be the absolute best in here. She has showed up, and hit the board in much higher level races, but just could not break through and get the victory. Conditioner Ron Potts gets aggressive with her here and puts her in for the \$12,500 Tag. If her class shines through, she should be an easy winner tonight.

SPOT PLAY

Race # 5

(1) MARMALADE

Big drop for this classy mare, most likely due to her form tailing off just a bit. Regardless of all of that, she is a tough competitor, and against this group, she looks to be the best of this lot. Trainer Darien Rodriguez is aggressive and wants to win. If the others want to win they better have their running shoes on.
