### Race #2

#### (3) BUGLE BARRY

This has been running in open conditions the last two starts and now comes back in against N3L. Only beaten 3 lengths last out at Btp in open company, Bugle Barry will find some relief against this lesser group. He is back where he belongs at PID, and his lifetime victories have come here on the Tapeta. He will be short odds today.

## LONGSHOT PLAY

### Race # 8

#### (4) RED CAT (CHI)

Ran a big race last time out at the Mountain on the weeds, for Trainer Rory "The Red" Barron. He has done very well at this distance before and has showed an affinity for the Tapeta surface in the past, including 5 wins at PID. He looks fit and ready to fire on all cylinders tonight. Hoping for the 20/1 Morning Line to hold for a big payout.
