Race #7

(3) MORGAN'S Z VA

This mare makes her return to PID, where she's 8/11 ITM. Conditioner Ron Potts claimed this mare by Freud, last year at the meet and has done very well off the claim. She ran a huge second in a Str \$25k against a salty bunch of heavy-heads at Parx. SHes back where she belongs and looks to be the winner tonight.

SPOT PLAY

Race # 1

(4) THE TORTOISE

Conditioner Katy Cheek's barn has been "En Fuego" as of late, and tonight looks as if she should continue her winning ways with a horse that probably shouldn't have been given that name. He can run, and showed that ability at the end of the meet last year at this level. He has been solid this year on the turf and now returns back to PID going long in a race that he was bred to do. He's fit and should get the candy tonight.
