Race #7

(6) DEVANT

Graham Motion sends this charger in today after running against a strong group in a very tough AOC \$65,000 at Belmont. Devant shows tremendous back class in her career, including Graded Stakes Company in Europe. She will get a little class relief today, but will be at short odds, as she is deserving in this spot. She gets the "Magic Man" Mario Pino as the pilot today, and it looks like all systems are go with her.

Race # 4

(7) MAD JACK

After a solid 4th in the Alw 1X last out, Mad Jack gets put back into the \$5k claimer. This is a much softer spot than the Alw was, and he has been ultra competitive at this level in the past. Morning Line is 4/1 and I would love that price at posttime and you may just get it due to the fact that he has not ran since last October, but Joltin' Joe Martin has done a great job getting his layups ready to run this meet thus far.
