Race #1

(6) DIALED IN ON ALICE

Joe Martin has been on a rip as of late, he's currently a 73% ITM trainer at the meet. This gelding, although lightly raced, showed good promise last time out in this spot. With a trip over the strip, this Martin Charger looks poised to graduate this evening against her fellow PA Bred's.

SPOT PLAY

Race # 4

(8) BABY DRAGON

Pablo Morales stays on this horses after just getting beat by a neck last out. She has good tactical speed and some solid back class. Owner/Trainer Mark Hoffman isn't trying anything cute here, he is being extremely aggressive with this filly and looking for a W in the column. She is 3/6 here in the money at PID, and has some solid back class run in a Stake last year and higher level claiming.
