**Race #5**

### (7) OWLETTE

Conditioner Wesley Ward ships this filly in here from WO after running a strong third in the G# Selene Stakes. She was strongly bet that day, and that will be the same case here this evening. She is perfect in the money on Synthetic courses (6 for 6), including 4 wins, and she's perfect 2 for 2 at the distance. She's the obvious choice in this spot, and it looks as if the "Magic Man" Mario Pino will Pilot this filly to the victory.

## LONGSHOT PLAY

**Race # 7**

### (9) FEETS of FEATHER

In a race dominated by speed, this is the obvious choice, especially if the speedballs do what they are expected to do. She ran a huge race at this level last time out, but now she takes on more accomplished horses, but if the speed horses run each other into the ground, she will be there to pick up the pieces.
