Race #5

(4) THE PREDICAMENT

Tim Hamm's charger has been knocking on the door and has run three straight seconds in a row, and only beat a head last time out. Today he adds the blinkers and looks to make amends for those three "places" with that equipment change. Martinez gets the mount as Morales hops to ride the 8 horse, but that isn't a problem because Willie has been riding lights out at the meet.

SPOT PLAY OF THE DAY

Race # 2

(3) JOSEPHINE

Conditioner Cassondra Weaver has been having a very good meet, especially with this mare. She has not been worse than second in three starts here at the PID strip. She is by Artie Schiller who's prodigy excel over this surface. She gets regular rider Willie Martinez back as the pilot, and looks to be the best against this group.
