Race #1

(4) MAXIMUM FACTOR

Conditioner Keith Dickey has his charger right where he wants him. He is in great form, and has only been beaten the last two starts by less than one length collectively in both of those events. He was only beaten a head by a very good Baysider and will face lesser horses tonight. He was wide in his last trip, and if he can get a clean trip tonight he will march to the winner's circle. Morales comes back as the Pilot this evening – an added plus!

SPOT PLAY OF THE DAY

Race # 7

(5) JARETH

An extremely sharp claim by Rory "The Red" Barron, Jareth came right back after the claim to run a very good second only beaten a half-length after a wide trip. That was a tough race, against some tough foes, and today isn't easy either but he is a tough hombre. His pedigree is impeccable for this surface and you get Scott Spieth as his pilot once again. Look for Jareth to be rolling like a freight train down the stretch.
