Race #6

(6) KING OF LEINSTER (IRE)

If his back class is any indication of his talent, then this horse should gallop over this surface tonight. He just missed the N2L at Tampa back in June as the beaten favorite. He was freshened and has worked forwardly since then, and his Pedigree screams that he will like Tapeta.

LONGSHOT PLAY

Race # 8

(7) CORT'N ASONG

Conditioner Ron Potts sends this son of Unbridled Song into PID after campaigning him at DEL Park. He ran a big 2nd the day that he was claimed and looks to get a victory here with what seems a much softer group than what he's been facing. He's going to try Synthetic for the first time, and his pedigree suggests that he will accept it without a problem. Potts is deadly at this racetrack.
