Race #7

(4) KING ECLIPTICAL

This horse has been a very consistent type here at PID the last two years. He won the open N2L for \$15k, and both the 2nd and 3rd place horses out of that event, both came back to win their next out. She begrudgingly, gave up the lead in her last race against a very good Gohara, fighting to the bitter end and only getting beat a dirty nose. Regular rider Willie Martinez is back as the Pilot tonight.

SPOT PLAY of the Day

Race #1

(6) ZIDIKAI

This mare ran a big race last out in this same spot, and she was only beat a length. There isn't a lot of speed in the race, and she should be laying just off of Snowy Morning, who seems to be the only speed in the race. Look for the pace to be slower, so she will have to be laying close and make her run in the stretch in order to obtain victory.
