BEST BET OF THE DAY

Race #7

(3) SWEET SOUPER SWEET

A monster of a horse here at PID, as She won the PID Debutante Stake quite easily during her 2 yr. old campaign. She has moved on to bigger and better competition, including Graded Stakes company. She has shown a true affinity for the Tapeta surface, not only running well here at PID, but also North of the Border at Woodbine. With great connections, she's the one to beat in today's 7th race.

SPOT PLAY OF THE DAY

Race #1

(3) AMERICAN GODDESS

This FILLY has been working very forwardly towards her PID debut. She brings in a decent resume, having run at some of the most prestigious tracks in America. She broke her maiden at KEE, and has been competitive throughout her career. Having some very good works thus far, she looks to be the play here against this group. Her style looks to fit this race to a T, as she will be following the hot front end pace.
