BEST BET OF THE DAY

Race #6

(5) *ALPHA PREDATOR*

Conditioner Tim Hamm brings this horse forward into this \$12,500 claimer after a very dominant victory last time out. By perhaps the greatest Tapeta Sire, "Animal Kingdom", He looks without question the best of this group today. He was only beaten 2 lengths, two races back by "Creative Choice", who is in the first race today and has been running very well as of late in AOC company. The #1 Trainer and the #1 Jock team up with this horse today.

SPOT PLAY OF THE PLAY

Race #1

(3) *Cloud Play*

On the drop here from the AOC \$32k, this horse has continued to run into some very good competition. Only beat 6 ½ lengths by *Track Record Setter* "Surly Furious", Cloud Play now faces lesser in this \$25 claimer and looks to get the victory. Already stakes placed here at PID, and this horse being by the Country's best Sire certainly appears like the top pick. The Meet's Leading Rider and Trainer get together here in a race that looks destined for the Winner's Circle.
