## LONGSHOT PLAY

### Race #7

#### (6) *SHE'S DANCING*

She's been a very good runner here at PID, since her arrival. Two starts, with a win and a third. In those starts she has been running against a very salty group in each heat, and today she finds herself in a softer spot than those first two starts. No Sweet Souper Sweet and no Café Society in here today. She is the class of the field and Trainer Flint Stites doesn't ship from PEN to whistle Dixie. Trainer Jockey Combo is 40% win at the meet.

## LONGSHOT PLAY

### Race #4

#### (2) *Lawn Dart*

Throw the last race out at PEN, as that race came off the Turf and was run on the dirt, which this mare absolutely hates. She still ran third in that event even with her distain for the dirt surface. She's a hard knocking mare that tries every time. She has a lot of back class and today it looks as if Charlotte the Brit is her only competition. She has 8 victories over this strip and has amassed \$223k in earnings.
