Race # 3

(3) *STARSHIP EMPIRE*

He drops back into the Starter after exiting the 1X with a solid third place finish. His foe, Straightoutadutton will set the tempo here today, and he should sit chilly, just off of his pace. He usually is most effective choosing that tactic, and if he does that he should be victorious in this very competitive event. He has been incredibly solid here at PID, being 16/18 ITM. You get regular pilot Willie Martinez.

SPOT PLAY OF THE DAY

Race # 4

(4) *Summerfest*

A winner last out on 9/20, this gelding won an open \$8,500 going the same distance. Today he jumps back into his own sandbox against his fellow PA Breds. In addition, he had a troubled trip last out being blocked and still found a way win. He was in tough that afternoon, and looks pretty good in this spot. He must beat "Fielder", as that has been his nemesis in this division.
